## OUT ON FOOT TO SEE THE WORLD

Two Pittsburg Men Making the Circuit.

MANY ADVENTURES

WILL WALK ACROSS THE CON-TINENT.

Two young men will leave Salt Lake for Ogden this morning on foot. As far as possible they have declared their independence of corporations and are lepending on their good legs to carry hem across the continent. The young nen are J. P. Turner and C. M. Dawson of Pittsburg, Pa., who have been chums from boyhood. The one is 24 and the other 20. Some time ago they conceived the idea of going around the world, making as much of the distance as possible on foot.

Mr. Turner is connected with a jew-elry house in Pittsburg and has been granted a year's vacation to make the circuit of the world. Both are well supplied with means and are not trying to

They left home in June, coming west by way of Columbus, O., and the World's fair, where they stopped for several days. In Denver a good stop was made and many of the interesting ooints in Colorado were visited, such as Pike's Peak, the Garden of the Gods, Colorado Springs, Tennessee pass and the like. Where the walking is good the tourists make from thirty to forty miles a day, stopping over night at the most convenient points, many times at

#### Get Game on the Road.

The young men carry six-shooters and do some hunting as they travel. One day they shot nine grouse. These they generally take to a farm house

Near Hartzell, Colo., the travelers had an adventure with a bear that they are proud of. They were going along when bruin hove in sight. He was a small specimen and had escaped from omeone in the neighborhood. He was full of curiosity and came sniffing at the heels of the young men in a way to make them nervous. They both de-clare they were not afraid of this particular bear, but they did not know but that he was the forerunner of a whole family. One of the travelers-which to investigate the intruder when it took its heels and disappeared in the

skunk rolled up in a heap in the middle of the highway interfered with progress at another point; but the tour-ists found their way around rather than disturb the slumbers of the cat. Fishing in Utah lake consumed two hours of the time coming up through Utah valley, and hunting was done to a limited extent on the side, but there

ere no adventures worthy of note. metimes on the trip west from Colorado the young men went twenty-four hours without food, but they seem to thrive on privations and when they reached Salt Lake at a late hour on Thursday night they seemed to be enjoying perfect health.

#### Out to See Things. young men are out to see the

world in the true sense of the word. Everywhere they stop they seem anxous to see something they have never een before. In Salt Lake they wnt through a dairy and found many things as they go, and expect to get full value for every dollar expended.

following in general the line of the Southern Pacific. They will take veswhere in China. Whether they will pursue their journey across Asia on foot will depend on how they find things when they arrive in the Orient.

#### **NEW YORK ASSESSORS.**

Officers Chosen at Meeting of the Board of Directors.

Board of Directors.

The directors of the New York Ednanza Mining company met in this city last evening and levied an assessment of 3 cents a share on the capitalization of 200,000 shares. The following officers were chosen to serve the ensuing year: President, M. J. McGill of Park City; vice president, S. W. Platt of Park City; vice president, S. W. Platt of Park City; secretary, J. H. Deming of Salt Lake; treasurer, W. W. Armstrong of Park City. The directors present were: Julius Frankel, S. W. Platt and M. J. McGill of Park City; Dr. A. J. Shores and Mrs. Margaret Rogers, of Salt Lake.

The directors also discussed the plan of campaign for the ensuing year.

Superintendent Dan Ferguson was down from the mine, his errand being to attend the funeral of his old-time friend, Charles Watson, the well known mining man who died in this city Wednesday. Of the mine Mr. Ferguson had nothing but good to report. He said the incline from the 400-foot level was going down at the rate of five feet a day; that the 100-foot mark had been passed, and that a gradual but positive improvement was noticeable both In the strength and permanent appearance of the ledge and in the character of the ore as well. More lead is coming in and when sufficient depth has been attained Mr. Ferguson is confident a solid body of fine ore will be tapped.
